◆ MERLOT merlot.org

Multimedia EDUCATIONAL Resource for Learning and Online Teaching

The MERLOT system provides access to curated online learning and support materials and content creation tools, led by an international community of educators, learners and researchers.

MERLOT is a project of the California State University system, which started over 20 years ago. It is an international community of close to 160,000 members with more than 82,000 online learning materials in its repository, in nearly every discipline and material type. It is a comprehensive resource for faculty in all stages of their careers. MERLOT has a peer review process in 25 disciplines and is considered a universal gateway to online learning materials. At MERLOT instructors can use MERLOT Content Builder and create instructional materials.

MERLOT has more than 6,600 open textbooks catalogued in the repository. Users can search by ISBN to discover supplemental materials for a textbook. Users can find learning exercises, bookmarked collections and virtual guest experts. The collection of resources is easily searchable and also conveniently arranged by discipline community. With the MERLOT Smart Search, users can find materials not only in MERLOT, but in over a dozen other digital libraries and the web, all in one place. In addition, there is a search tool to help find colleagues
