Information Sources

EDGAR

URL: <http://www.sec.gov/edgar/searchedgar/webusers.htm>

EDGAR is the acronym for **E**lectronic **D**ata **G**athering, **A**nalysis, and **R**etrieval system, the search database of SEC filings, of the U. S. Securities and Exchange Commission, Federal Government.

RI DLT: Labor Market Information

URL: <http://www.dlt.ri.gov/lmi/>

The Rhode Island Department of Labor and Training's site describes the labor area in terms of its jobs, workers, wages, industrial structure and economic conditions. The Labor Market Information (LMI) Unit is responsible for the collection, analysis, dissemination and publication of a wide variety of information on the Rhode Island labor market.

Under **LMI for Jobseekers:**

Good charts with information on occupations with the largest growth (including growth rate), expanding and declining industries

- Downloadable handouts, charts, and brochures
- List of largest employers in Rhode Island

Under **LMI for Business:**

- Information on the Consumer Price Index, North American Industry Classification System, Labor Market Information for Today's Business (brochure), expanding & declining industries, industry & occupational projections
- Rhode Island economic information
- Resource Links

NEIT Library Website

Find more information for the Business Management Technology (MGT) under MGT Library Materials or MGT Web Resources. From the [Library web site](#) :

- ▶ Click on Explore Technologies
- ▶ Click on MGT

Click on MGT Web Resources or MGT Library Materials.

www.google.com

Use GOOGLE to locate local companies.

- ▶ Get better results by searching for the kind of firm *and* the state.
- ▶ If either of the words is more than one word, use double quotation marks [“].
- ▶ For example, "*interior design*" *and* "*rhode island*" would produce more focused results than *interior design rhode island*.
