  - scholarly full text journals focusing on many medical disciplines
- ◆ [Health Source: Consumer Edition](#) provides:
  - information on many health topics for consumers including the medical sciences, food sciences and nutrition, childcare, sports medicine and general health.
- ◆ [MEDLINE®](#) provides:
  - authoritative medical information. Created by the National Library of Medicine, MEDLINE uses MeSH (Medical Subject Headings) indexing with tree, tree hierarchy, subheadings and explosion capabilities to search citations from over 4,800 current biomedical journals.
- ◆ [Nursing Reference Center](#) is:
  - the premier evidence-based information resource designed specifically for nurses.

◆ [Psychology and Behavioral Sciences Collection](#) provides:

-- nearly 575 full text publications, covering topics such as emotional and behavioral characteristics, psychiatry & psychology, mental processes, anthropology, and observational and experimental methods. Updated daily.

◆ [Scientific & Medical ART \(SMART\) Imagebase](#) enables:

--you to download thousands of medical illustrations, videos, interactive tools, and monographs of anatomy, physiology, embryology, surgery, trauma, pathology, diseases, conditions and other topics. Search the database or browse by content, body systems/regions or medical specialties.

## STAT!Ref is a great research tool

[STAT!Ref](#) is a subscription service for e-books.

STAT!Ref's offering includes full text medical, nursing and related healthcare reference resources. The clinical textbooks and manuals will help you quickly find answers about diagnosis and treatments as well as quickly find answers about drugs, their interactions and uses.

## Other Health Databases

[SLACKinteractive.com](#)

This online, interactive tool from SLACK Incorporated, a health care publisher, contains videos that show the application of each test, with narration, study quizzes and glossary of terms. Tutorials available for **Manual Muscle Testing**, **Gait** and **Goniometry**.

## ICE International Clinical Educators, Inc.

The [ICE Video Library](#), from the ICE Learning Center, provides excellent visual resources to both faculty and students in physical and occupational therapy curriculum. With unlimited access to streaming videos of real-life patient assessment and intervention, the ICE Video Library can be viewed on campus, at home, on the go and in online courses. All of the videos are professionally filmed with actual patients and therapists in real-life treatment settings including acute care, skilled nursing, outpatient, home health and ICU.
